

LIM WUAN LU

INFORMATION TECHNOLOGY

Major: Software Quality

Minor: Financial Management

Dynamic IT fresh graduate with a passion for web and software development. Proficient in front-end and back-end technologies, with hands-on experience in HTML, CSS, JavaScript, and familiarity with various programming languages. Demonstrated ability to collaborate effectively in team environments and a keen eye for detail in designing user-friendly interfaces. Eager to leverage my technical skills and enthusiasm for innovation to contribute to a fast-paced IT team.
